

ATCO HOME-ON-THE-GO

HOME-ON-THE-GO

We are taking our complete collection of trusted household products and services on the road with our new Home-On-The-Go. The customized vehicle, which features solutions designed to make your home life a little easier, can visit festivals, markets and community events across the province.

Developed with the expert culinary guidance of ATCO Blue Flame Kitchen and equipped for use year-round, this extraordinary home away from home features a completely functioning kitchen, including gas burners, a microwave oven, and an outdoor barbeque, and will provide hands-on cooking classes and demonstrations classes throughout Alberta.

Guests can also spend time on the fully functioning outdoor patio space, or step aboard to browse our newest cookbooks, get menu ideas and cooking tips, shop our retail store for kitchen gadgets, and learn more about our flexible retail energy products and affordable energy bundles.

For inquiries or booking contact ATCO Blue Flame Kitchen at 780 420 7282.
