**Mailing Address:** PO Box 119, T0A 0K0, Bon Accord, AB  
**Farm Pick-Up Address:** 56311 Lily Lake Rd, Sturgeon County, AB  
(Please use **Google Maps** if you need to locate us. **Apple Maps is incorrect!!**)

**Directions (from Edmonton):** Take the Anthony Henday north to the Cold Lake Exit onto 97st/HWY28. Exit north onto HWY 28. Continue north on HWY 28 for 25km until you reach the town of Bon Accord. Stay on HWY 28 and continue past Bon Accord for 1km. Turn left onto Lily Lake Rd (RANGE RD 235). Continue on Lily Lake Rd north for 2km. Prairie Gardens is located on the right - look for our signs.

**Conditional Retail Warranty** \*

All plants are guaranteed to be true to name, in good condition when sold, and to grow, providing they receive the correct installation, site conditions, watering and regular care.

Plants are a living, perishable product and their survival is directly dependent on the care you provide. Death by lack of care (too dry) or killing with kindness (too wet), or by dog, deer, moose, mouse, rabbit, rototiller, herbicide or hail storm (for example) is not covered.

Should the plant fail to survive within 1 year from the date of purchase, Prairie Gardens will provide a one time credit for 50% of the original purchase price toward new product (excluding any delivery and installation costs.) Cedars, vines and borderline hardy plants are guaranteed for 90 days, no later than September 30th of the same year of purchase. Trees/shrubs planted in above-ground level containers are not warranted. There are no cash refunds on plant material.

**Our Warranty is provided under the Following Conditions:** \*

- All claims must be reported within one year of purchase. \*
- The original Bill of Sale must be presented as proof of purchase. \*
- The plants must have been properly planted and cared for. Please refer to our planting instructions below. Please note: having a 3rd party install plants on your behalf (contract landscaper, for example) voids the warranty.
- The dead plant must be returned. Please don't wait until it has perished before you call! Often some small tweaks can save the plant long before it dies. We are here to help you have success! Call Tam or Laurel -- 780-921-2272 for great horticultural advice!

**Planting Instructions** \*

**1. Protect your Trees (Pick up at Farm)** \*

Trees can easily take several weeks to begin coming out of dormancy in the spring, be patient and keep watering. If they are dormant, they can be transported in the back of a pick-up truck. If they are leafed out, they will need wind protection – ideally a covered van or trailer, or a well secured tarp. Please bring tarps with you when you come to pick-up.

**2. Planting Timeline** \*

For best results, we recommend planting your trees rightaway. If you are unable to plant as soon as possible, we suggest putting them in a cool, shady place such the north side of your house, away from sunlight and heat. To make sure the trees don't dry out, make sure to give their roots good drink of water. Maintain moisture in the pot (check daily) until planted. How much water? (Rule of thumb: 1gallon pot – 1 gallon of water. 2 gallon – 2 gallons of water.) - when dry. If already moist, they do not need more. Check with your finger to see.

**3. Break Dormancy** \*
